**Re: ALUMINIUM JOINERY TO ASCOT APARTMENTS
8 MIDDLETON ROAD, REMUERA.**

Dear Sir,

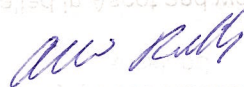

We wish to convey to you our satisfaction with the Thermosash Aluminium Joinery installed on our recently completed project, Ascot Apartments in Remuera.

This is only the second project undertaken in New Zealand by Mirvac the first one being Quay West hotel in Auckland.

We are impressed with the quality of the joinery you installed in Ascot and we have received favourable comments from buyers of apartments about the joinery. The thickness of the aluminium sections and the weatherproof detailing of components and installation seems to be superior to that available in Australia.

Thankyou for your help with stage one of our project and we look forward to working with you on the second stage, the York tower, which is currently being designed.

Yours faithfully,

A.C.W.Reilly
